Project Proposal.pdf;

Hello,

We had a meeting with our supervisor on Friday and they've given us approval to start on the project. Please find attached our proposal document. A lot of this probably isn't of much use to you. The budget is a complete fabrication so don't pay any attention to that. Probably of most importance to you are the requirements and related info on pages 5-7 and the app mockups on pages 9 & 10.

Let us know if we're on the right track or have completely missed some important part of the system.

Thanks
Hayden
